6. Technical training courses

No bid for organization of a technical training course was received.

7. Short courses

A couple of bids for organization of a short course were received, one from French and the other from Brazilian vacuum society. The short course proposed by French vacuum society should be organized in Montpellier, 24-25 September 2017, in conjunction with ECASIA conference (24-29 September 2017). The proposal entitled "XPS Workshop" was presented to details so there was no discussion in the audience. The members of Education committee were all in favour to recommend for approval by the members of the executive council. A IUVSTA grant of 2,000 € was recommended. The other proposal was by Brazilian vacuum society. The technical training course

entitled “Thin films: Deposition methods and surface characterization” should be organized in conjunction with the national meeting in Sao Jose dos Campos, 21-25 August 2017. The proposal was presented well and all the members of the committee voted in favor to recommend a IUVSTA grant of 2000 € to support organization of this short course.

8. Review paper

The review paper on base of the presentations at IUVSTA Highlights Seminar on 23rd October 2015 in San Jose, California is under preparation. By the meeting the contributions from the following chairs of scientific divisions were received: Christoph Eisenmenger-Sittner, Miguel Manso Silván, Christian Teichert, Ivan Petrov and Jay Hendricks. The contributions from Maria-Carmen Asensio, Timo Gans and Reinhard Schwarz have not been received. The members suggested several possible solutions for completing the paper in good time. The contribution from Electronic Materials and Processes Division will be prepared by Ivana Capan, the contribution from Plasma Science and Techniques Division by Miran Mozetič, while the contribution from Surface Science by M. C. Asensio, who will submit it in by the end of March 2017.
